#### Report of Independent Certified Public Accountants'

Shareholders and Board of Directors of Robert Cutright Associates, Inc

We have audited the accompanying balance sheet of Robert Cutright Associates, Inc, as of December 31, 2007 and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of the management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Robert Cutright Associates, Inc at December 31, 2007, and the results of its operations, changes in stockholder's equity, and cash flows for the year then ended in conformity with U.S. generally accepted accounting principals.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained on page 9 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### Robert Cutright Associates, Inc. Notes to Financial Statements December 31, 2007

#### 1. ORGANIZATION AND NATURE OF BUSINESS

Robert Cutright Associates, Inc. (the "Company"), is a California corporation formed on May 24, 1991. The Company is registered with the Securities Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA) and the Securities Investor Protection Corp. (SIPC). The Company has adopted December 31 as its year end.

The Company is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services all of which are limited to agency transactions. The Company is registered with the Securities and Exchange Commission as a fully disclosed broker/dealer whereby it does not hold customer funds or securities.

The Company also engages in private placements and deals, although the Company did not earn any revenues from these sources in 2007. All of the firm's revenues resulted from mutual fund sales commission and interest earned on cash balances.

#### 2. SIGNIFICANT ACCOUNTING POLICIES

#### Revenues

The Company earns its revenues from commissions for agency transactions and does not engage in any principal risk transactions. The transactions are recorded on a settlement date, which is not materially different than recording transactions on a trade date.

#### Use of Estimates

The financial statements are presented in accordance with generally accepted accounting principles and prevailing industry practices, both of which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at December 31, 2007, as well as the reported amounts of revenues and expenses during the year then ended. Estimates, by their nature, are based on judgment and available information. Management believes that the estimates utilized in the preparation of the financial statements are prudent and reasonable. Actual results could differ from those estimates.

#### **Income Taxes**

The stockholders have elected to be taxed under the provisions of Subchapter S of the Internal Revenue code and applicable state laws. Under those provisions, the company does not pay federal corporate income taxes on its taxable income; however, a 1.5% tax exists on the taxable income and there is a minimum Franchise fee of \$800.00 for state

#### Robert Cutright Associates, Inc. Notes to Financial Statements December 31, 2007

reporting purposes. The stockholders are liable for federal and state income taxes on the Company's taxable income.

All highly liquid debt instruments with a maturity of three months or less as of the date of purchase are considered to be cash equivalents.

#### 3. CONTINGENCIES

In the normal course of business, the Company is engaged in various brokerage activities on an agency basis.

In connection with these activities, a customer's unsettled transactions may expose the Company to off-balance-sheet risk in the event the customer is unable to fulfill its contractual obligations.

Significant credit exposure could occur if a customer or broker of the Company does not or is not able to fulfill their contractual obligation.

#### 4. NET CAPITAL REQUIREMENTS

The Company is a member of the NASD and subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital of \$5,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2007 the Company had net capital of \$10,055 which was \$5,055 in excess of the amount required. The Company's percentage of aggregate indebtedness to net capital was not applicable as the Company has no aggregate indebtedness.

#### 5. RELATED PARTIES

Robert Cutright is the Chief Executive Officer and President of the Company. He was paid no salary in 2007, but received a check in the amount of \$33,500 as a consulting fee. No payroll taxes were accrued on this amount.

### INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5

To the Shareholders and Board of Directors of Robert Cutright Associates, Inc.

In planning and performing our audit of the financial statements and supplementary information of Robert Cutright Associates, Inc. (the "Company") for the year ended December 31, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (the "Commission"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following: 1) Making quarterly securities examinations, counts, verifications and comparisons; 2) Recordation of differences required by Rule 17a-13, or, 3) Complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007, to meet the Commission's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., (N.A.S.D.), and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
